### The American People!

When the concept of a Citizen Cabinet is explained to Americans, they don’t just like the idea, they love it. Overwhelming majorities among Democrats, Republicans and independents, from all across the political spectrum, strongly support creating a Citizen Cabinet and feel it will help. Even after hearing the best arguments against the idea, public support remains virtually unchanged.

The Citizen Cabinet will help address what has been a breathtaking decline in public trust in government:

The People do not feel the current system is adequate and want the people to have a greater voice. They also believe this would help break the political gridlock in Congress:
