Majorities of Both Minnesota Republicans and Democrats Agree on Over 100 Policy Proposals

This sheet shows bipartisan common ground on 106 policy proposals statewide, across 14 issue areas. Most of these proposals were drawn from Congressional legislation and some from the Executive Branch. Minnesotans also agree that Congress would be more likely to find common ground if it were more influenced by *We the People*. The findings come from the *Common Ground in the Battlegrounds?* Survey Series, conducted by the University of Maryland's Program for Public Consultation (PPC) in the run-up to the 2026 midterm elections. Numbers are the percent of **Republicans** and **Democrats** in support. Questions are abbreviated here — full question wording and more detail are at **vop.org/battlegrounds-minnesota**.

THE MINNESOTA COMMON GROUND

Policies supported by majorities of both Republicans and Democrats

106
Minnesota statewide

Of the 106 policy questions, a policy is counted as receiving bipartisan support when at least 51% of both Republicans and Democrats take the same position. Medicaid spending is listed twice, but counted once; Role of We the People questions are not counted.

ABOUT THE SURVEYS

The surveys were conducted by the University of Maryland's Program for Public Consultation (PPC) as part of the *Common Ground in the Battlegrounds?* series covering 11 competitive states and 28 competitive U.S. House districts.

The 106 policy proposals included in these surveys were chosen because national surveys by PPC and others had found majorities of both Republicans and Democrats in support. The battleground survey series sought to see whether that common ground holds in competitive states and districts. Project partners are PPC, the Civic Innovation Center at the University of Maryland, and Voice of the People. None advocates for policy positions or endorses candidates.

Minnesota was surveyed in two waves. Wave 1 (Healthcare, Social Security, Families & Children, Housing, Low-Income Assistance, Artificial Intelligence, Immigration, The Role of *We the People*) was fielded June 24 – July 1, 2026, to 600 adults; the confidence interval is ±4.3%.

Wave 2 (Abortion & Birth Control, Energy & Environment, Federal Taxes, Government Reform, Campaign Finance, Criminal Justice, America's Role in the World) was fielded July 23 – August 1, 2026, to 600 adults; the confidence interval is ±5.7%.

Samples were drawn from multiple online opt-in panels, including Cint, Dynata, and Prodege. Samples were pre-stratified and/or weighted to match the adult population of each geography by key demographics (gender, age, race/ethnicity, income and education). The distributions of partisan affiliation were within expectations based on voter registration for non-leaners or the Cook Partisan Voting Index for leaners, or weighted to be so.
